- Quiet and dependable scroll compressor with a 10-year limited warranty

*There are  
some things  
in life  
you can always  
rely on.*

*Ruud is one of them.*

## Quality That Endures

The Ruud Achiever® Series 13 & 14 SEER Package Air Conditioners combine money-saving efficiency, quiet operation, and legendary reliability to bring you total peace of mind in home comfort – year after year. Some Package Air Conditioner systems cost more, some promise more – but nothing performs more reliably. It's that simple.

*Rely On*  
**RUUD**™

The Whole Package

**Ruud Achiever® Series**

**Package Air Conditioners**

There are some things in life you can always rely on...

**Features & Benefits:**

- 1. Durable Cabinet.** Our galvanized steel cabinet protects your Ruud unit from the elements, helping reduce maintenance expense. Our slim design occupies less room in your yard and installs with a flush fit against your home.
- 2. Serviceability.** Service time and expense are kept to an absolute minimum. Four service panels provide your technician easy access to all internal components.
- 3. Fan-tastic.** Our motor mount prevents damage to your fan motor, extending its service life.
- 4. Protective Barrier.** Each unit features full-louvered protection of the sensitive condenser coil, which keeps damage caused by accidental contact to a minimum, and adds to the longevity of your unit.
- 5. Heart & Scroll.** The heart of your Package Air Conditioner is the compressor. That's why every Ruud unit features a Scroll® Compressor – widely recognized as the industry standard for performance and durability.
- 6. Low Corrosion. Low Sound.** Special base rails elevate the bottom of the unit off the ground and away from corrosive condensation. The combination of the durable cabinet, large outdoor fan, scroll compressor and elevated base pan all contribute to quiet, reliable operation.

**Limited Warranty Information**

All of our Ruud package units were developed with reliability and durability in mind. The 13 & 14 SEER models feature a ten-year limited compressor warranty on single-phase models installed in residential applications. Any 13 or 14 SEER model installed in a commercial application has a five-year limited compressor warranty. Electric heating elements also have a five-year limited warranty. All other parts have a limited warranty of one year for one and three-phase models installed in commercial applications. Single-phase models installed in residential applications have a ten-year conditional parts warranty (Registration Required).

**Protection You Can Count On**

While your Ruud equipment is incredibly reliable and covered by an outstanding warranty, you can extend your warranty coverage with Protection Plus® extended service protection. Then you can relax and enjoy the comfort of your Ruud Package Air Conditioner – without worrying about the cost of parts or labor for unexpected repairs. And when Protection Plus is purchased in conjunction with your contractor's maintenance program, you can enjoy the peace of mind that your equipment will be both maintained and repaired – as needed and without additional expense.

Ask your contractor about the variety of Protection Plus plans now available. For more information, call 1-877-276-4294 or visit [www.protectionplusonline.com](http://www.protectionplusonline.com).

**KwikComfort Financing**

Ask your Ruud contractor about KwikComfort® Financing, the easy and convenient way to finance everything associated with your Ruud equipment – your original equipment, all subsequent service, Protection Plus® extended service protection, and even the comfort options you might choose to add later.

(14 SEER ONLY)
